

BAGS

Ever since what scientists call 'the caveman days', man has had to face the problem that he simply doesn't have enough hands. Thanks to modern developments, we can now carry more than we used to, making that trip to the office a lot easier.

---[*Oliver Sweeney*]---

The luxury footwear specialist has launched a beautiful range of accessories to expand its collection. The bags include simple luggage for weekend breaks (large holdall, wash bags), day bags (courier bag, lap top case, attaché case) and smaller leather luxuries such as notebooks and key rings. Prices range from £40 to £695
